

# JUNIOR INVESTIGATORS Advanced Biomedical Computation (ABC) SERIES

**Monday, April 27, 2019**

4:00 pm-5:00 pm

Zoom meeting

**Allen Schmaltz, PhD**

Postdoc (Andrew Beam lab)

Exemplar Auditing Introspection for  
Multi-Label Classification of EHR  
Notes and Medical Articles  
(Abstract)

Hi All,

The ABC Series is an opportunity for junior computational scientists with applications in all areas of biomedical science to give informal presentations of their work. The goal is to educate the community on advanced computational approaches in biomedical sciences, and to engage the audience in a conversation about the challenges faced in real-world projects and exchange ideas on possible solutions with a friendly audience.

We look forward to seeing you at the meeting!

**Georg K. Gerber, MD, PhD, MPH**  
*Chief, Division of Computational Pathology*
